Rates to include cost of all materials laid to slope towards the rain water outlet as per direction labour, transport, loading, unloading charges, hire charges, tools, curing and completion the work in all respects as per instructions of the Consultant /bank engineer. Approved water proof compound: Pidilite, fosroc, sika, fibrex or equivalent.	400	Sq mt		
5.	<b>Supply and Fixing Geo Textile Sheet 250gsm</b> in positions per manufacturer specification and as per drawing include cost of all materials, labour, transport, loading, unloading charges, hire charges, tools, and completion the work in all respects as per instructions of the Consultant /bank engineer.	120	Sq mt		
6.	<b>Supply and Fixing Drainage Cell 30 mm</b> in positions per manufacturer specification and as per drawing include cost of all materials, labour, transport, loading, unloading charges, hire charges, tools, and completion the work in all respects as per instructions of the Consultant /bank engineer.	50	Sq mt		
7.	<b>Supply &amp; Carrying out Bituminous Membrane (3mm thick) Waterproofing over Existing terrace tiles</b> Preparing the terrace surface by Applying bituminous / water based primer to a clean, smooth and dry surface by brush, roller or spray. Allow the primer to dry to become tack free.	525.00	Sq. mt.		

	<p>Unroll and align and re roll correctly before torching. Use gas burner to heat the substrate and thermo fusible film on the underside on lower face of membrane. When the thermo- fusible film melts after torching, the membrane is ready to stick. Roll forward and press firmly against the substrate to bond. Heat both the overlaps and use the round tipped trowel heating the same to smoothen and press into seam. Side overlaps should be a minimum of 100 mm and end overlaps 150 mm. All angles and abutments should be sealed with extra care to ensure full bondage. The edges should be sealed well into the grooves. The full scope of work shall be completed as per manufacturer specifications complying with standard specifications and as directed by Consultant /bank engineer. Cost include all accessories like wastages, transports, loading, unloading charges, chipping the existing plastering, labours, materials, tools, lead, lift, all material taxes &amp; duties, approved water proofing compound, consider for water line arrangements and etc. Measurement shall be measured in applied area only in SQM. Approved make: Dr. Fixit, Sikka, Fosroc, or equivalent.</p>				
8.	<p><b>Supply and fixing Sandstone Wall Cladding Tiles</b> 15-20 mm thickness by wet method / direct adhesion method by using of a liquid latex combined with a cement-based filler powder to form cement mortar as per manufacturer specifications complying with standard specifications and as directed by Consultant /bank engineer. Cost includes all accessories like wastages, transports, loading, unloading charges, chipping the existing plastering, labours, materials, tools, lead, lift, all taxes &amp; duties, approved water proofing compound, consider for water line arrangements and etc completed in all aspects.</p>	25.00	Sq mt		

9.	<p><b>WALL TILE-</b> Supply and fixing of Glazed wall tiles size of 300mm x 450mm x 10mm thick laid over 12mm thick cement mortar 1:3 (One cement and Three sand) base mortar and mixed with water proof compound (Algi proof) at 2% by weight of cement in wall of toilets, over the existing wall including cutting the existing wall tiles to the required size as per site condition with special cutter wherever necessary and cart away the debris from the site, fixing in position and pointing with white cement mixed with colouring pigments and etc. Complete complying with standard specifications. Cost include wastages, cutting, tools, transport, loading, unloading, scaffolding, materials making holes for plumbing and sanitary fixtures lines and etc. Complete as per instructions of the Consultant /bank engineer. Basic cost tiles is Rs.650/- per sqm Approved Make: Kajaria, Johnson, Orientbell or equivalent.</p>	40.00	Sq. mt.		
10.	<p><b>FULL PEDESTAL BASIN:</b> Providing and fixing of wash Basin (<b>parryware cat ref. QubeX C041Y white</b>) and <b>Full pedestal (parryware cat ref. C0321)</b> including necessary fixing accessories and arrangements like <b>CP Brass angle valve, 32mm CP brass waste coupling, PVC flexi pipe, metallic Hose - Parryware make, CP wall flange, CP extension nipple, Pan connector and necessary hardware like brass screws, washers, joints sealed with silicon sealant etc.</b> Cost include all necessary fixing accessories such as tools, materials, labours, transport, loading, unloading charges and etc. Complete as per instructions of the Consultant/bank engineer.</p>	3	Nos.		
11.	<p>Providing and fixing CP brass <b>Swan neck pillar cock (parryware cat ref. T4668A1)</b> for wash basins including necessary fixing hardware &amp; accessories such as tools, materials, labours, transport, loading, unloading charges and etc. Complete as</p>	3	Nos.		

	per instructions of the Consultant/bank engineer.				
12.	Providing and fixing CP brass <b>towel Ring (parryware cat ref. T6002A1)</b> for wash basins including necessary fixing hardware & accessories such as tools, materials, labours, transport, loading, unloading charges and etc. Complete as per instructions of the Consultant/bank engineer.	3	Nos.		
13.	Providing and fixing CP brass <b>Soap dispenser (parryware cat ref. T6513A1)</b> for wash basins including necessary fixing hardware & accessories such as tools, materials, labours, transport, loading, unloading charges and etc. Complete as per instructions of the Consultant/bank engineer.	3	Nos.		
14.	<b>PVC SANITARY PIPES:</b> Providing and fixing PVC pipes of following sizes to be fixed in the walls, slab, column or any RCC structure, Basin water waste, and wherever required with all necessary fixing accessories, arrangements and etc. Cost including the necessary specials like coupler, reducer, bend 45 degree, plain bend, door bend, single wyes, double wyes, single tee, single tee door, double tee, double tee door, door cap, nahani trap, multi floor trap, p trap, w.c. connector with ring, solutions, vent bowl, rubber ring, necessary fixing clamps and etc. Cost includes removal of the existing PVC pipes and fittings in all sizes with all heights and etc. Cost include all necessary fixing accessories such as all necessary civil works, tools, materials, scaffolding, labours, transport, loading, unloading charges, lead & lift to all floors, all taxes & duties and etc. Complete as per instructions of the Consultant/bank engineer. Approved make: Astral, Supreme, Finolex or equivalent.				
	a) PVC 50mm dia (4 kg/cm <sup>2</sup> )	75	RMT		
14.1	<b>WATER SUPPLY - CPVC - SDR-13.5 Pipes</b>				

	a) 15mm dia ID pipe with pipe specials (20 dia nominal bore)	60	RMT		
	b) 20mm dia ID pipe with pipe specials (25 dia nominal bore)	100	RMT		
15.	<b>EXTERIOR ALL WEATHER WATER PROOF PAINT TO OUTER WALLS</b> - Removing the old cement based water proof paint by thorough scraping and sand papering and preparing the surface by effecting necessary repairs to cracks using crack filter, complete and painting with two or more coats of exterior all weather water proof paint of approved brand, shade and manufacture and of required shade over a coat of approved primer to give an even shade to exteriors faces of wall at all floor levels in all heights. Cost include removal of the existing paint, wastages, cutting, tools, transport, loading, scaffolding, unloading, lead & lift to all floors, all taxes & duties, materials and etc. Complete as per instructions of the Consultant /bank engineer. Approved make: Asian paints, Burger, Nerolac or equivalent. Putty: JK, Birla or equivalent.	450	Sq mt
