	of 24 Slots, Vertical busbar, MCB type Power Distribution				
	Board (MAIN VTPN DB), flush mounted on wall, sheet				
	metal fabricated , powder coated, having				
	dust-proof and vermin proof , and hinged door				
	with all internals such as DIN rails, neutral-link,				
	interconnected wiring complete with earthing				
	lugs housing following switchgears.				
	1 no., 125A, 4P MCCB as incomer				
	4 no., 63/40A, TP MCB				
	8 no.,40/32/25 A SP MCB

	with all mounting accessories before lighting DB with necessary cable jointing adaptor box	1.00	No		
ii	32/25A roll socket complete with 32/25/16/10 amps DPMCB with 3 pin metal clad				
"	socket - waterproof tight (IP 65) for wall unit split AC machine	-	Nos		
iii	40A/32A DP MCB in sheet steel enclosure complete with all mounting accessories for				1
	UPS & others	2.00	Nos		
	Providing and Supplying 40 A TP MCB as a master Switch to switch off all the LDB	1.00	NI		
	Loads, located at the Entrance of the Branch.	1.00	Nos.		
6.C	DISTRIBUTION BOARDS				
	Supply, installation, testing & commissioning of Distribution Boards surface / flush				
	mounted with Double door containing MCB/ELMCB as incomer and SPMCB as				
	outgoing. All MCBs are of 10KA breaking capacity and ELMCBs/RCCB should be of				
	30mA/100 MA sensivity. The DB shall have appropriate no. of top and bottom knock				
	outs for outgoing circuits and shall be complete with necessary busbars, interconnection terminals and earth studs. All terminations in DB shall be complete				
	with ferulling, dressing and all circuits shall be properly labeled with PVC strip (sticker				
	type) having identification as per the final approval of Consultant. For UPS DB MCB				
	shall be 'D' type and other MCBs shall be 'C' category for lighting and raw power DB
