	LOW UFFICIAL DARTITION OF \$250						
1	LOW HEIGHT PARTITION GLAZED Providing and fixing in position Double skin partition 6'-6" height. The underframe of salwood 2.5" x2.5" at 2'-0" c/c (Max.)The underframe to be finished with 6mm urea bonded ply on both sides and finished with 1.0mm laminate of approved colour and shade as per approval of the Architect. The partition to include 12mm. thick Modi Float glass with etching from 3'-9" to 6'-6" on the sides and back with all hardware etc. All exposed edges to be covered with teak wood Beading in places as per design duly melamine polished inclusive of all materials, hardware, night latches, labour, T&P, taxes, levies, etc. completed to the satisfaction of the bank & drawing. The partition yto include space for conduits for U.P.S, LAN, Electrical wiring etc. as per the satisfaction of the Architect.All exposed edges to be machine cut and Polished . All edge to edge Glass joint to be machine polished and sealed with silicon sealant. Teak wood Beading of size 3.5" x 2" on the top member of the partition including door opening dulg TRAY properly finished with teak wood bead						
	All exposed woodwork to be melamine polished and all underfaces to be duly enamel painted with proper primer base. Cash Cabin Partition should have ultra twin bolt no. 4950 / 4951 with inside opening All hardware to be of Godrej make. Providing & fixing of hydraulic door closure with quality of two speed No-4159.	125	Sqft				
		.20	-40.				
2	LOW HEIGHT PARTITION SINGLE WINDOW including door Providing and fixing in position partly glazed half height double skin partition (5'-6' high). The underframe of kailwood 2' x2' at 2'-0' c/c (Max.)The underframe to be finished with 6mm urea bonded ply on both sides and finished with 1.0mm laminate of approved colour and shade as per approval of the Architect. The partition to include 12mm thick Mod Float glass with etching from 2'-6' to 4'-6' on the sides and back with all necessary hardware and night latches etc. as per design. All exposed edges to be covered with teak wood Beading in places as per design duly melamine polished inclusive of all materials, hardware, night latches, labour, T&P, taxes, levies, etc. completed to the satisfaction of the bank & drawing. Item includes teak wood lipping of size 3' x 1.5'All unexposed edges to be finished with Enamel paint with proper base of Primer. Single Window Partition should have ultra twin bolt no. 4950 / 4951 with inside opening All hardware to be of Godrej make. The partition to have necessary cash passing TRAY properly finished with teak wood beading as per approval.						
	speed No-4159						
		145	Sft				
3	GLAZING ON FRONT SIDE OF THE CASH CABIN Provision & Fixing 12mm float glass (with etching) in front of cash cabin with teak wood beading including cutout for passing currency as/ details from a height of 3'-9" to 6'-6". All the edges of the glass to be machine polished. This would also include cutout for talking.	15	Sqft				
4	MAIN DOOR WITH FIXED WINDOW GLAZING						
	Supplying and fixing of main door and window made out of 8 mm thick clear float glass (door size 5-0" x 7-0"). Powder coated Aluminium frame (only on Top and Bottom of the door), of approved make (20 microns) made out of 100mmX 45mmX 2.5mm with all necessary accessories like beadings screws raul plugs including supplying and fixing of heavy duty floor springs of approved make. Supplying and fixing of 12 mm thick plain glass (modi), 230 mm height SS door handle and also including etching, cost of labour etc. complete as per satisfaction of the Architect.	110.00	SQFT				
5	SINGLE WINDOW COUNTER						
, 	Providing and fixing into position Single window 2'-6" wide Counters made up of Phenol bonded 19 mm thick commercial board covered with 1.0mm thick laminate on the front and sides. The table top to be covered with polished Red / Black Granite with moulded egdes as per the approval of the Architect.						

	The front façade to have 19 mm thick Phenol bonded			
	commercial board with 1.0 mm thick laminate in two colours as			
	shown in the drawing and approved by the Architect. Each			
	Single Window to have a 12mm float glass (with etching) partition in front of counter with teak wood beading as per			
	approval of the Architect and as per Standards of the Bank. The			
	edges of the glass to be machine polished. 1 Drawers to have			
	divisions for keeping cash as per Banks Specifications.Provision of footrest to be made as earlier specifiedAll Drawers to have			
	Godrej locks as per direction of the Architect .Locks for Cash			
	drawers should be multilatch no. 1624. Locks of drawers other			
	than cash should be of Premium multipurpose lock no.5131 Every counter shall be provided with a key board tray, a drawer			
	which shall slide on tray system provision (sliding mechanism),			
	and a cabinet with a shutter below W-375, H-750mm. Keyboard			
	tray to be made of 19 mm thick commercial boardy laminated. Drawers and a cabinet with a shutter below W-375mm, H-			
	750mm, Depth- 500mm. shall consist of 12 mm thick			
	commercial board for bottom, sides and back of 19 mm thick			
	phenol bonded commercial board with laminate in front.			
	All the units shall be provided with all the necessary hardware as			
	approved by the Architect such as knobs, handles, Godrej cabinet locks, sliding mechanism as approved by the Architect,			
	Magnetic Catchers Piano brass hinges etc. All unexposed			
	surfaces to have synthetic enamel paint with primer, all			
	complete as per detailed drawing, specifications and directions of the engineer in charge.Footrest in teak wood as per drawing.			
	All exposed edges to be finished in teak wood moulding or			
	lipping in clear melamine polish.	5	R ft
