PART - A: INTERIOR FURNISHING WORK OF BRANCH
Section - I: Partition / Panelling

SI. No.	Particulars	Unit	Qty.	Rate (Rs.)	Amount (Rs.)
1	Frame Work				
	Providing and fixing non anodized aluminum rectangular hollow sections Alom 2348: 50.80 x 25.40 x 1.16 mm wall thickness) or its approved equivalent for erection of frame work for partitions, paneling etc. to be placed 2' 0" apart in both vertical and horizontal direction. Extra members at corners / functions are also to be provided at no extra cost to the owner. The frame work shall be fabricated and installed in position firmly with the help of suitable Aluminum cleats, screws, clamps, rawl plugs and all necessary civil works and mending good to all damages complete with cost of all materials, labour, hardware etc. (Door and glass opening above shall be deducted from measurement for the purpose of payment.)		30.00		
2	Ply Wood	•			
	Providing and fixing 6mm thick of BWR (PF) grade ply wood as skin to existing frame works executed under item no. (1) above with screws at adequate intervals complete with cost of all labour and materials.		60.00		

SI. No.	Particulars	Unit	Qty.	Rate (Rs.)	Amount (Rs.)
3	Laminate				
	Providing and fixing minimum 1.00 mm thick matt/satin finished laminates of approved colour and make to partitions & paneling and wherever directed to be fixed with suitable adhesive complete with cost of materials, labour and hardware etc. all as per drawing				
	and direction of Architect.	Sqm.	60.00		
4	Frame to Doors				
	Providing and fixing Sal wood frames to door openings with suitable size of screws to be fixed directly on to the masonry walls in C. C. Lugs (1:2:4) as may be the case complete with providing minimum 2 or more coats of polish in superior malamine finish to the approval of Architect.		0.15		
5	Glass	Cuiii.	0.13		
	Providing and fixing plane float glass pane of following thickness on the frame works already erected and wherever directed in pattern as shown in the drawing with stainless steel Glazing Clips / D's or polished Gambhar Wood beading all along perimeter of the Glass as required including etching / grinding / polishing etc. as per approved design and pattern complete with the cost of all labour and materials.				
(a)	5.50 mm. thick (In partition walls only)	Sqm.	5.00		
(b)	12 mm. thick	Sqm.	3.50		
6	Flush Door				
	Providing and fixing in position 30 mm. thick solid core black board construction bonded with phenol phermaldehyde synthetic resign raising commercial faces which shall be laminated with 1.0 mm hick laminates on either sides, edges, sealed with 1st class Teak wood leaping complete.		3.50		
7	Partly Glazed Door Shutter				
	Providing Partly glazed door shutter all as above but with 8 mm. th. Plain float glass including etching / beveling / grinding / polishing etc. as per approved design and pattern as directed with 12 mm. x 20 mm. first class G.W. beading all along perimeter and on either sides duly polished to superior wax finish all as per the approval of the architect with the cost of all materials and labour required for the work.		8.00		

SI. No.	Particulars	Unit	Qty.	Rate (Rs.)	Amount (Rs.)
8	Main Entrance Door				
	Providing and fixing fully glazed aluminum shutters to doors using minimum 12 mm. thick tinted glass, sheet with electrolytic colored powder coated aluminum top and bottom rails of minimum 125 mm. wide including supplying and fixing of electrolytic colored powder coated box type aluminum section as frame including providing, fixing of 2 nos. of necessary pivots complete with cost of all labour and materials.				
		Sqm.	3.00		
9	Moulding				
	Providing and fixing 12 mm x 80 mm decorative moulding as per design in Gambhar wood on edges on the partitions, counters etc. wherever directed including polishing in superior finish complete.	Rmt.	20.00		
	Total				

PART - A : Section - II : False Ceiling

SI. No.	Particulars	Unit	Qty.	Rate (Rs.)	Amount (Rs.)
	Providing and fixing at site plain Gypsum board false ceiling made from 12.5 mm. thick paper reinforced gypsum board sheets fixed on existing channels already laid by removing the old Gypsum board ceiling wherever necessary and also removing the electrical fittings and fixtures and closing the gap with board. Boards are to be fixed to the above frame work using 25 mm. dry wall screws. Arrangements are to be made to accommodate light fixtures, by forming recessed channels etc. wherever directed. Depressions, nails and screws, jointing and finishing etc. shall be done with jointing compound of TOPCOAT primer, ceiling to be level and free from cracks. Item to be completed in all respects to the Architects approval				
		Sqm	-	ı	ı
	Applying two coats of emulsion paint over a coat of primer over Gypsum board flase ceiling. Opening in ceiling are to be tied with perimeter channel complete with the cost of all labour and materials (Measurement for the purpose of payment shall be taken for the flat surface only.)		20.00		
3	Cornice / Moulding				
	Sub Total				

PART - A : Section - III : Hardware Fittings & Fixtures

SI. No.	Particulars	Unit	Qty.	Rate (Rs.)	Amount (Rs.)
1	Butt Hinges				
	Supplying, fitting and fixing 100 x 75 x 10 gauge, stainless steel heavy duty Butt Hinges including screws of approved quality.		22.00		
2	Cylindrical Lock				
	Supplying, fitting and fixing polished Brass Godrej Cylindrical lock including a pair of keys.	Nos.	6.00		
3	Door Stopper				
	Supplying, fitting and fixing Door Stopper with height and press adjustment in pleasure die casting and heat treated spring clasps (EbCo or its approved equivalent).		6.00		
4	Door Closer				
	Supplying, fitting ad fixing modular single speed hydraulic type Door Closer (Godrej 1939 or its equivalent)		4.00		
5	Key Board				
	Providing and fixing Steel Key Board tray on telescopic channel approved quality.	Nos.	6.00		
6	Floor Spring				
	Providing and fixing in position heavy duty Floor-Spring with Stainless Steel plate, pivots etc. including all necessary civil works and mending good to damages.		2.00		
7	Door Handle				
	Providing and fixing minimum 18" long Godrej buffed stainless steel door handle for glass door.		2.00		
8	Tower Bolt				
	Providing and fixing S. S. minimum 8mm dia Rod and 150mm long Tower Bolt.	Nos.	2.00

PART - A : Section - IV : Furniture

GENERAL NOTES:- The rate of each item under this Head must cover the following even if these are not specifically mentioned. Samples of all Hardware fixtures got to be approved before purchase. No extra whatsoever will be entertained under this Head. The rates quoted, therefore, deemed to have been included in individual item of works.

- (1) All Tables/Storage unit & filing cabinets under this head shall be strictly be made from 19 mm. thick BWR block board.
- (2) All drawers and shelves shall be over lapping type having all exposed edges perfectly sealed with min. 3 mm. th. T.W. leaping and painted/polished in superior malamine finish.
- (3) Hardware fittings and fixtures shall also be provided as under:
- (i) All drawers to have a pair of telescope sliders of Godrej/Ebco or equivalent approved make.
- (ii) All openable shutters of shelves/cabinets etc. to have minimum a pair of Auto closing hinges of Ebco or similar approved make.
- (iii) All drawers/shelves shall have one no. each multipurpose lock of Godrej make and the lock nos. are also to be provided on surface of shutters in white paint.
- (iv) All double leaf shutters of cabinet or storage unit shall be provided with a pair of min. 3" long stainless steel Tower bolts to be installed at one of inner faces of the shutter's leaf.
- (v) All Table Tops are to be provided with 3" dia PVC wire Managers.
- 4 All exposed faces are to be laminated with min. 1.00 mm. thick laminate sheet of approved colour, shade and pattern whereas all internal faces are to be painted in two coats of enamel paint over a coat of primer.
- 5 All tables/work-stations are essentially be provided with duly painted/25 mm. x 150 mm. board/hard wood foot rest.

PART - A : Section - IV : Furniture

SI. No.	Particulars	Unit	Qty.	Rate (Rs.)	Amount (Rs.)
1	Table				
	Providing Tables of following sizes made from 19 mm phenol bonded block board Top, supports & modesty panel the edges of table top as well as supports should be made 38 mm in appearance and to be finished with 12 mm x 38 mm gambhar wood 'D' moulding to be polished in superior finish. The modesty panel t span between supports horizontally as				
	well as from table top to floor vertically. All the exposed faces are also to be finished with 1 mm thick matt/satin finish laminate where as inner faces are to be painted in two or more coats of enamel paint over a coat of primer. Item to be completed with all labour and materials as per drawing and to the Architects approval.				
(a)	Branch Manager's Table	Nos.	1.00		
	(Size : 3' 0" x 5' 9" x 2' 6" high)		_	_	

SI. No.	Particulars	Unit	Qty.	Rate (Rs.)	Amount (Rs.)
2	Cash Counters			,	, ,
	Providing cash counters having working top of size 2' 6" wide x 5' 0" long and customer top 1' 0" wide x 5' 0" long made from 19 mm board spanning between partition walls already erected and to be supported over 25 x 25 x 2.0 mm Aluminum angle deats. The counter shall also have a modesty panel of 5' 0" long, 3' 10" high of 19 mm board. The edges of working top & customer top to appear 38 mm thick. The edges are also to be provided with 12 mm x 38 mm Gambhar wood 'D' molding finished in superior polish. The exposed faces of board also to be provided with 1.0 mm thick matt/satin finish laminate where as inner faces to be painted with two or more coats of enamel paint over a coat of primer. Item to be completed with cost of all labour, materials all as per drawing and Architects approval. (Size:				
	5' 0" x 2' 6" x 3' 10" high)	Nos.	1.00		
3	Counters	11001	1100		
	Providing wall to wall long tables for counters of following sizes and as shown in the drawing. The table top and modesty panel to span between the low height partitions walls already erected with aluminum angle cleats and to be made from 19 mm block board. The edges of top to appear 38 mm in thickness and to be provided with duly polished 12 mm x 38 mm Gambhar wood 'D' molding. The exposed faces including modesty panel to be provided with 1.00 mm thick laminate where as balance are to be painted in enamel paint. Complete with the cost of all labour and materials to the Architects approval.				
(a)	Size : 2' 6" x 5' 0" x 2' 6' high	Nos.	3.00		
(b)	Size : 2' 6" x 4' 0" x 2' 6' high	Nos.	1.00		

SI. No.	Particulars	Unit	Qty.	Rate (Rs.)	Amount (Rs.)
4	Side Credenza				
	Providing Side Credenza units of following sizes. The top, bottom, sides and shutters are to be made in 19 mm board where as back to be provided with 6 mm ply. The drawers are to be made from 12 mm ply with front in 19 mm board. All the exposed faces are to be provided with 1.00 mm thick laminate where as inner faces to be painted. All the exposed edges are also to be finished in duly polished 3 mm thick gambhar wood leaping. The item to be completed in all respect with all hardware fittings and fixtures as detailed in general note to the architects approval.				
(a)	Credenza to have 1 Nos. of drawer and a shelf unit having openable shutters down below the drawers. (SC - 1) (Size : 16" deep x 2' 0" long x 2' 4" high)		2.00		
(b)	Credenza to have 3 Nos. of drawers and a shelf unit having openable shutters side by side the drawers. (SC - 2) (Size : 16" deep x 3' 0" long x 2' 4" high)		2.00		
(c)	Credenza to have 3 Nos. of drawers and a shelf unit having openable shutters side by side. (SC - 3) (Size : 16" deep x 4' 0" long x 2' 4" high)		2.00		
5	Filing Cabinet	00101	2.00		
	Providing approx. low-height filling cabinet. The top, bottom, sides, openable shutters and intermediate shelves of the cabinet are to be made from 19 mm. board. Where as the rear of the cabinet to be closed in 6 mm ply. The cabinets shall also be divided in parts with 19 mm board vertically placed inside. All the exposed faces are to be provided with 1.00 mm. thick laminated sheet whereas the interior faces are to be painted in enamel paint in min. 2 coats over a coat of primer. The exposed edges are also to be provided with min. 3 mm. thick Gambhar wood leaping duly polished in superior finish. (Only plan area to be measured for payment)
